Questions	Answers
1. It states that the minimum engine size must be 2.4L - 14 Displacement. The Ford Fusion Hybrid only comes with a 2.0L 4cyl along with all of Fords Hybrid products. Also is there going to be a bid sheet?	The Minimum Engine size is hereby amended to state "2.0". 4139 OF does not have an Options List.

Minimum Engine Size on the Invitation to Bid reads as follows "...2.4 L-14 Displacement". Amended to read as follows "...2.0 L-14 Displacement".

This addendum will become part of the bid and should be acknowledged with the ITB.
